8692311004635

Grand Foods Vinegar  
**ORIGINALO1** 20L x 1

The secret to Olin's success with its great tasting products lies in the production philosophy of this brand. Olin believes that a healthy product needs to be defined not only with its surface qualities, but with actual benefits to health by **preserving the vitamins and minerals found in the raw product**. Olin users will see the regenerating glitter of oil in the skin, hair and nails. Olin is currently sold in five countries and is the third largest manufacturer of olive and sunflower oil in Turkey.

Olin 100% Pure Sunflower Oil and Corn Oil are a great source of **Vitamin E** and contain **no cholesterol**. Vitamin E is especially useful for proper heart function and cancer prevention and Olin's refinery technology allows good levels of Vitamin E to remain in the product, in comparison to other similar oils on the market.

The Sunflower Oil is pure, light and healthy and suitable for cooking, salads and frying. Olin Corn Oil is particularly suitable for deep frying.

- ✓ Beneficial for good health
- ✓ Regenerates hair, skin and nails
- ✓ Good source of Vitamin E
- ✓ No cholesterol
- ✓ Versatile for cooking
